

EXPLANATION DAY

The Freeze

Stop pretending you're a friend
You cut a deal and then you
walked away
Tell me what came over you
Im hanging on to every word
you say
It's your explanation day

I'm about to lose my freedom
Lose my life
It was easier to give them me
Give them my life

You had to know I'd hunt you down
Want to see the sweat drop
off your skin
I lost the cop's that followed me
and bought some time before
they take me in
Now nobody will win

I'm about to lose my freedom
Lose my life
It was easier to give them me
Give them my life

I'm about to lose my freedom
Lose my life
It was easier to give them me
Give them my life
