Party on

Danny Jean

[Verse 1]Girls on lock
Make it drop
Hand on glock
Party hard, never stop
Haters hate, bitches talk
I'm too trashed to even walk
I'm too gone to be found
Hate rising, 40oz
Race, ankle, shackle, fights
I'll fight out till sunrise
I'll wake up with no regrets
With 11 girls in my bed
I'm back up, and going out
Fuck my way through the crowd
Gotta raise my body, count
Up and down, scream and shout
Live it up, party down

Drinkin' shots till' i hit the ground
[Chorus]There's a party that's going on
We'll stay up till' the break of dawn
We all like, when the party's in my sight
I'm feelin' good when the drinks are all gone
Live it up
Party on
Drink it down
Till' the sun comes out
Live it up
Party on
Drink it down
Till' the sun comes out
[Verse 2]
