All My Life

Evan Dando

Just look for sunshine
To burn in full time
To be filled with hatred
For the time I've wasted
And I'm so impatient
For a new sensationGod knows what I thought I'd do
I bit my own sweet heart in twoAll my life
I thought I needed all the things I didn't need at all
My life
I thought I wanted all the things I didn't want at all
Just to hold my heart beat
In a box by my feet
To be filled with glory
To speak a story
Can you feel the thunder
From the cloud I'm underGod knows how will I get through
I bit my own sweet heart and blew itAll my life
I thought I needed all the things I didn't need at all
My life
I thought I wanted all the things I didn't want at all
My life I thought I needed all the things I didn't need at all
All my life
I thought I needed all the things I didn't need at all
My life I thought I wanted all the things I didn't want at all
My life I thought I needed all the things I didn't need at all
My life I thought I wanted all the things I didn't want at all
