

Vultures

Nicole Atkins

Careful where you walk
Remain in the light
Watch where Death resides
Find you from all sidesVultures circle in
Heavy like a stone
They take all they can get
Until you're dirt and bonesNa na na na na na na, ooo oooTheir bullet's the coin
Their bullet's the bomb
Their bullet's disease
Their calling card, their songMy bullet's to grow
Penniless and old
I take all I can get
Until I'm dirt and bonesNa na na na na na na, ooo oooTake all they want
Now they lick from the boneNa na na na na na na, ooo oooI can dissapeer
From who I'd like to be
Simply run away
Hide behind the seaVultures circle in
Heavy like a stone
They take all they can get
They take all they can get
They take all they can get
Take all they can get
Until you're dirt and bonesNa na na na na na na, ooo ooo
Na na na na na na na, ooo oooSometimes the past can weigh on me
Until I can't breathe
Ahead there is a tiny star
That even I can seeOoo, ooo
