The Guitar Song

Ghoti Hook

Hey Kitten, whatcha doin'?
Wanna play the guitar?
You say, what's that sound
Coming out of the hole in the wood?
You say, what's that sound
Coming out of the hole in the wood?
You say, what's that sound
Coming out of the hole in the wood?
It's the guitarHey baby, whatcha doin'?
Playin' with your rattle and plastic car?
You say, what's that sound
Coming out of the hole in the wood?
You say, what's that sound
Coming out of the hole in the wood?
You say, what's that sound
Coming out of the hole in the wood?
It's the guitarHey mama, where ya goin'?
I hope you're not going very far
Because what's that sound
Coming out of the hole in the wood?
Tell me what's that sound
Coming out of the hole in the wood?
Hey, what's that sound
Coming out of the hole in the wood?
It's the guitar
It's the guitar
It's the guitar
It's the guitar
