Dimples

Charly Blues Masterworks

I like the way you walk
I'm crazy 'bout your walk
I love to hear you talk
When you're talkin' that talkI love to watch you walkin'
You're my babe
I've got my eyes on youI see you everyday
In your neighborhood
I see you everyday
And you sure look goodI see you everyday
You're my babe
I got my eyes on youYou got dimples in your jaw
You got dimples in your jaw
You got dimples in your jaw
You got the dimples in your jawYou got dimples in your jaw
You're my baby
I've got my eyes on you
I've got my eyes on you, baby, come onI like the way you twist
I'm crazy 'bout your twist
I love to watch you twist
I'm just wild about your twistI love the way you twist
You're my baby
I've got my eyes on youOh, you got dimples in your jaw
You got dimples in your jaw
You got dimples in your jaw
You got the dimples in your jawYou got dimples in your jaw
You're my baby
I got my eyes on youWell, I like the way you walk
I'm crazy 'bout your walk
I love to hear you t-t-talk
When you're talkin' that talkI love the way you walk
You're my baby
I got my eyes on you
