

Don't Need You

Ashanti

Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live Don't wanna hurt nobody, let me tell you how I feel
Just wanna have somebody I can trust and knows the deal
Don't wanna make you mad telling you about last night
And how much fun I had
Just because I'm not with you I don't need your attitude 'Cause baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live The other day you asked why I came home late and who was I with
Don't get me wrong I know you care but I can't get down
With all the questioning
Ooh, I like spending time with you but don't get the wrong idea
Don't make me your priority 'cause this settle down now just ain't me Baby I don't need you but I want you so I
got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you and I need to keep it real with you
No relationships I'm just tryna live Boy don't think I'm here try to use you, try to confuse you
Just so you know I care a lot about you, happy that I found you
Let's be clear on what we're all about, you gotta figure out
You want this, we gotta know we ain't forming no relationships Baby I don't need you but I want you so I got
you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships I'm just tryna live Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
