She Can

Neal McCoy

She can light a fire under me
Give me all the courage that I need
She can see inside, I just can't see
She canShe can make me smile when I wanna cry
Find a way to change my state of mind
She can always reach through my disguise
She canWhen my world gets crazy and I just can't cope
She throws her arms around me and gives me hope
When I got the desire but I got no plan
I need someone to understand, ah, she can, she canShe can take the chill out of winter nights
Take away the wrong from what's the right
She can make the darkest hour look bright
She canAnd when I really need to make a stand
And I don't believe in who I am
When I really want to, I just can't
She canWhen my world gets crazy and I just can't cope
She throws her arms around me and gives me hope
When I got the desire but I got no plan
I need someone to understand, ah, she canI try to do for her what she does for me
'Cause I want our love to grow
I'm gonna hold on tightly
Only a fool would let her goWhen my world gets crazy and I just can't cope
She throws her arms around me and gives me hope
When I got the desire but I got no plan
I need someone to understand, only she canDon't you know, she can?
(She can)
Only she can
(She can)
Yes, she can
(She can, she can, she can, she can)
