

I Am The Message

Fightstar

We'll take our virtues up in arms
To save ourselves
Tonight I'll fight and friends will stand here
And die with usHalo, you mean nothing to me
Angel, you mean nothing to meIf I am the message
Then you are the machine
If I am the message
Then you are the machineWe'll wear our scars above our arms
And covered up
Should we keep this open ending
Just for usHalo, you mean nothing to me
Angel, you mean nothing to meIf I am the message
Then you are the machine
If I am the message
Then you are the machineJust take a look at yourself
You see reflections in all of your impurities
The taste, the taste of a burnt tongueIf I am the message
Then you are the machine
If I am the message
Then you are the machineYou mean nothing to me
You mean nothing to me
