Going Home (with Emma Hewitt)

Cosmic Gate

We've been searching for so long,
To find the place where we could belong,
We always dreamed of better things to come
And turned our faces towards the sun,
We follow the light that we see in the dark,
Keep on going till it catches spark,
I believe there's a change to come,
We never know if we never runAnd all signs are surfacing now again on your mind moreDon't turn around we're going one way,
The time is right we're going home,
And now you're in my mind always,
Forever young, and forever onThere's a distance to go from here,
There's never the weight of the world we fear,
I'll be with you and right beside,
Ever wrong and through the nightAnd all signs are surfacing now again on your mind moreDon't turn around we're going one way,
The time is right we're going home,
And now you're in my mind always,
Forever young, and forever onDon't turn around we're going one way,
The time is right we're going home,
And now you're in my mind always,
Forever young, and forever onDon't turn around we're going one way,
The time is right we're going home,
And now you're in my mind always,
Forever young, and forever on
