

# By Your Side

## Zach Deputy

I thought about you a million times today, I cant seem to get my mind away  
Even in my dreams I see you there, warming my heart beyond compare  
Cause you know till the day I day die, I need you by my side  
Thats why I'm telling you know, I need you more and more  
You are the one my heart beats for, beCause in the morning I hear the angels sing  
Your the only one who can comprehend, that my love it has no end  
Cause you know till the day I die I need you by my side, my side  
Ohh ill, ill see, you become my bride, I have so much joy inside that It makes me cry  
Thats why Im telling you now, I need you more and more  
You are the one my heart beats for, beCause in the morning I hear the angels sing  
Thats why Im telling you now, I aint gunna change, my love remains the same  
cause I know till the day I die I need you by my side, yeah  
yes I know till the day I die I need you by my side
