

# Octoberfest (Instrumental Version)

## Hail Mary Mallon

We got no rules in here  
One by one, we're losing here  
Reckless, stressed, and super weird  
With heavy heads as souvenirs  
We got no rules in here  
One by one, we're losing here  
Reckless, stressed, and super weird  
With heavy heads as souvenirs  
We got no rules in here  
One by one, we're losing here  
Reckless, stressed, and super weird  
With heavy heads as souvenirs  
Bobby bananas foster  
Intense like a campers crossword  
Slicker than some pants he bought for  
Dinner with the Manson lawyers  
Dippin' on some two-for-Tuesdays  
In excess of the moody bluejays  
A dead limb from a jewel removed  
Way back when he used to make suits with Kool-Aid  
Cold cuts with the Blair Witch spirit  
Post up with the Maryland Terrapins  
Donuts in the derelict airship  
That he stole in a moment of some barely-there shit  
Spit take the tobacco cancer  
Switch blade with a pack of panthers  
Just wait 'til the captain answers  
And we all give way to the jack-o-lanterns  
Naughty nurses cursing loudly  
Gassed up from the bourbon bounty  
Like she don't give a burp about me  
But she still get low by Bergin county  
Let me clear my name and bury  
This hatchet in your caged canary  
With a cape and hair piece  
Boy in series like gullet call for Agent Clarice  
Hey motherfucker This year halloween fell on a weekend  
Vacate shells in a heat lamp  
Free man teeth on a five finger meal plan

Knight might go Sistine with his free hand  
King of the keypad, egad  
Please be careful  
Can't trust Weasley or werewolf  
Batman, yoda, luigi, scarecrow  
Out from an evening of air holes  
Into the fray, deadly dipshits  
Raised on blades in a red delicious  
In the end it wasn't about pez and liquorice  
It was children engaged in obsessive mischief  
Like black chance bought [?] with an arsenal  
Of egg cartons and barbasol  
You're in the army now  
A hierarchy of hazing  
Partly a comrade, partly a play thing  
Heart with a place for the guard  
Who execute grace with a X-ed out face  
Still, even at the mercy of beautiful masks  
Here's how a birth the detached  
Under a burgundy moon  
Out from the wings  
Off with the veil  
Off with the skin  
Tossing his bones in the wind  
Everybody goes home in the end  
We got no rules in here  
One by one, we're losing here  
Reckless, stressed, and super weird  
With heavy heads as souvenirs  
We got no rules in here  
One by one, we're losing here  
Reckless, stressed, and super weird  
With heavy heads as souvenirs  
We got no rules in here  
One by one, we're losing here  
Reckless, stressed, and super weird  
With heavy heads as souvenirs  
We got no rules in here  
One by one, we're losing here  
Reckless, stressed, and super weird  
With heavy heads as souvenirs
