

I Don't Want To Do Anything

Mary J Blige

Baby, baby, baby, baby, baby, baby, oh yeah
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
I don't want to do anything else, baby baby
If loving you is all that I have to do
I don't want to do anything else
Every night and day
I dream of another way
To tell you something good
I don't think that I'm understood
You walk away and I frown
With my head hung far down
You tell me what is wrong
You just wanna be loved all night long, baby
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
You told me a thousand times
That you would be mine, all mine
I do everything for you
But in your smile, I still can't find
And now you tell me this
This is something that I can miss
And all you wanna do is to love me for me
And I'll love you for you
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
Now that I know I'm gonna make love to you
So lady open up your heart
And let me in where I belong
If loving you is all that I have to do
Then it won't be wrong baby
'Cause we belong together, baby
Together, we will be as one

Just me and you, you you you
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
