

Emergency

Magnapop

Carry me
Bury me
Put it in or take away
To rest your head upon a place where
Nothing else has ever been
Peace of mind keep it in
I am so tired
Please it should be
Me instead of
These emergencies
Emergency
Marry me
Catatonic restful state
Your peaceful mate
Your lovely place to
Take it away (away)
Peace of mind keep it in
I am so thankful
For the sonic
Breeze into the trees
Emergency
Carry me
Bury me
Put it in or take away
To rest your head upon a place where
Nothing else has ever been
Peace of mind keep it in
I am so tired
Please it should be
Me instead of
These emergencies
