Sex Life

Destroy Rebuild Until God Shows

Desperation before I hit the ground
Reaching out for something, we lost it all before
And we still want something more, we want it all, now
Can't make you shake the way that I do
Can't make you love the way that you're supposed to
And when you come crawling back you'll see we can't change the past
For the first time I see you for who you really are
If you had a sex life, a sex life
Would you even worry about mine when your bed is empty?
If you had a sex life, a sex life
Would you even worry about mine when your bed is empty?
You're a waste of time
This love was made to hate what you are
You sold yourself and can't come back, you're too far
And when you turn around you'll see yourself on the ground
And for the first time no one cares just who you really are
If you had a sex life, a sex life
Would you even worry about mine when your bed is empty?
If you had a sex life, a sex life
Would you even worry about mine when your bed is empty?
You're a waste of time
Desperation before I hit the ground
Reaching out for something, we lost it all before
And we still want something more, we want it all
We want it all, we want it all, we want it all
If you had a sex life, a sex life
Would you even worry about mine when your bed is empty?
If you had a sex life, a sex life
Would you even worry about mine when your bed is empty?
You're a waste of time
Sex life, sex life
Sex life, sex life
(Yes kids, that's the name of the song)
Desperation before I hit the ground
Reaching out for something
