Death in Fire

Impalers

The wait is soon at end
Always charge never bend
Morning is here, make your stand
Live for honor, glory, death in fire
Total war is here
Face it without fear
Age of sword, age of spear
Fight for honor, glory, death in fire
See the fire rise
Flames are raging high
Soon all will burn and die
Burn for honor, glory, death in fire
Storm of lethal flames
Only death remains
Ragnar is our fate
Die for honor, glory, death in fire
Forces of chaos are on the move
Everyone, choose your side
And know the day is coming soon

The day for all to die, die
The day is here when Bi-frost breaks
Nor sun or moon will rise
When the dead rise from their graves
And Surtur spreads his fire
All you know will wither away
And sink in to the sea
A new world will be born one day
Where everyone is free
Total war is here, face it without fear
Age of sword, age of spear
Fight for honor, glory, death in fire
Storm of lethal flames
Only death remains
Ragnar is our fate
Die for honor, die for glory
Die, death in fire
