# Long Days

## Papa Vegas

Been down so long
It's all undone
No time remaining
Been locked inside this orange room
So long I'm jadedTen thousand years
What are we looking for?
Ten thousand years
I'll understand it allShe can't hide beside
The fire's out, no sparks for trying
Long days we've stayed
Beneath the sun
Our mouths are dryingTen thousand years
What are we looking for?
Ten thousand years
I'll understand
Understand it allYou let 'em fade away
I kinda like the pain
Just let 'em fade awayTen thousand years
What are we looking for?
Ten thousand years
I'll understand it all
(Understand it all)Ten thousand years
(What we're looking for)
What are we looking for?
(Understand it all)
Ten thousand
I'll understand it all
