

# B4 It's 2 L8

## Boomkat

I won't break  
I might bend but I won't break  
Spinning 'round, I hit the ground  
And lift back up to see  
Well, nothing's changed, it's all the same Why can't we all just be happy  
Can't you see I'm trying  
We should just take it all away  
B4 it's 2 L8 I will try  
I might lose but I will try  
'Cause at least I said, "I did it" When you see the price you pay  
Then maybe we might change Why can't we all just be happy  
Can't you see I'm trying  
We should just take it all away  
B4 it's 2 L8 The wide open eyes  
Emotions run dry  
The face beneath  
The rest is this the question why  
It's gonna be too late The wide open eyes  
Emotions run dry  
The face beneath  
The rest is this the question why  
It's gonna be too late The wide open eyes  
Emotions run dry  
The face beneath  
The rest is this the question why The lessons I can best describe  
The answers [Incomprehensible]  
The one who gets to try Why can't we all just be happy  
Can't you see, oh, I'm trying  
We should just take it all away  
B4 it's 2 L8 B4 it's 2 L8  
B4 it's 2, 2 L8  
No don't let it be late, no, no, no
