My Sweet Time

Original TV Soundtrack

Late at night hear the song spinnin' in my head
Heaven knows I cant sleep at all, I'm thinking 'bout
All my stuff, missin' my own bed and all my friendsBut its too late to call
Hangin' out all day at the Holiday Inn
Waiting's such a drag until the band kicks inI don't know where the next road goes
But I feel the wheels rolling down below me
Take my sweet time gettin' it back againWhat matters most will carry me
Through the night to where I wanna be, baby
Take my sweet time but I'll be home again
In my own sweet timePour it out every night and it's just so good
How it works is a mystery
But I believe in my heart I'm doing what I shouldWith all these lost souls following
Waiting all day until last begins
I love how it feels when the band kicks inI don't know where the next road goes
But I feel the wheels rolling down below me
Take my sweet time gettin' it back againWhat matters most will carry me
Through the night to where I wanna be, baby
Take my sweet time but I'll be home again
In my own sweet time, yeahMaybe when this is over I'll understand
What I got right here in my hands, yeah
Baby, ohh
Ohh, ooh, yeah, yeah, yeahI don't know where the next road goes
But I feel the wheels rolling down below me
Take my sweet time, I'm gettin' it back againWhat matters most will carry me
Through the night to where I wanna be, baby
Take my sweet time, I'll be home again
In my own sweet time, yeah, yeahIn my own sweet time, yeah, yeah
In my own sweet time, yeah
