Through the Darkness

Keith Allison

Under dark waters the light glows
In the eyes of cats at night it shows
All pain and sorrow left behind
And through the darkness my love shinesA thousand miles we are apart
So tightly wrapped in thorns my heart
My song is heard in owls' cries
And through the darkness my love shinesIt lights the green fog on the hill
It burns in shooting stars as wishes are fulfilled
Glowing as bright as fireflies
Yes, through the darkness my love shinesIn the flames of candles in your room
In the smallest sliver of a waning winter moon
Electric like a neon sign
Yes, through the darkness my love shinesBurning like pagan fires of long ago
Luminescent my heart shines for you -
So don't let goAnd in the darkest hour of night
Moments before sleep comes and dreams come into sight
Just know that you are on my mind
And through the darkness my love shinesThrough the darkness, my love...
And through the darkness...
And through the darkness my love shines
