Super Sweet

Sandra Szabo

Some people call me a little unusual
Well let me thank you all that's how I rock n' roll
I know where I stand
And it's not with the rest of the bricks in the wallLet them shout it out loud and shut in insecurity inside
But everybody knows from the stories told
In the end who's the last to laughI'm gonna make you love me
I'm gonna make you love me
I'm gonna make you love me
With my rock n' roll style
And super sweet smile
Some accuse me of being a little off
But it is words like that I can't get enough of
I'd rather stay original
Than lose my dreams, the fire in my soulLet them shout it out loud and shut in insecurity inside
But everybody knows from the stories told
In the end who's the last to laughI'm gonna make you love me
I'm gonna make you love me
I'm gonna make you love me
With my rock n' roll style
And super sweet smileCome on now make me so uncomfortable
Come on and drag me out of my comfort zone
Keep making me fight for it
Subconsciously like you don't know you love me yet
Subconsciously like you don't know you love me yet
Subconsciously like you don't know it
I'm gonna make you love me
I'm gonna make you love me
I'm gonna make you love me
With my rock n' roll style
And super sweet smileI'm gonna make you love me
I'm gonna make you love me
I'm gonna make you need me
And I won't give it up
Until you realize it
