Anything

SZA

Maybe I should kill my inhibition
Maybe I'll be perfect in a new dimensionMaybe I should pray a little harder
Or work a little smarter
This time baby promise I have learned my lesson oohDown for the ride, down for the ride
You could take me anywhere
Do do do down for the ride, down for the ride
You could take me anywhere
I hope you will, I hope you will, I hope you will
Keeping up is hard to do
Even harder feeling heavy, steady chasing you
Beep beep, why are you looking around, you lonely?
I feel you coming down like honey
Do do you even know I'm alive?
Do do you even know I, IMaybe I should pray a little harder
Or work a little smarter
This time baby promise I have learned my lesson oohDown for the ride, down for the ride
You could take me anywhere
Do do do down for the ride, down for the ride
You could take me anywhere
I hope you will, I hope you will, I hope you will
Do do you even know I'm alive?
Do do you even know I, I
Do do you even know I'm alive?
Do do you even know I, I
Do do you even know I'm alive?
Do do you even know I, I
Do do you even know I'm alive?
Do do you even know I, I
Do do you even know I'm alive?
Do do you even know I, I
Do do you even know I'm alive?
Do do you even know I, I
Do you know I'm alive?
Do you even know?
