

Anything

SZA

Maybe I should kill my inhibition

Maybe I'll be perfect in a new dimension

Maybe I should pray a little harder

Or work a little smarter

This time baby promise I have learned my lesson ooh

Down for the ride, down for the ride

You could take me anywhere

Do do do down for the ride, down for the ride

You could take me anywhere

I hope you will, I hope you will, I hope you will

Keeping up is hard to do

Even harder feeling heavy, steady chasing you

Beep beep, why are you looking around, you lonely?

I feel you coming down like honey

Do do you even know I'm alive?

Do do you even know I, I

Maybe I should pray a little harder

Or work a little smarter

This time baby promise I have learned my lesson ooh

Down for the ride, down for the ride

You could take me anywhere

Do do do down for the ride, down for the ride

You could take me anywhere

I hope you will, I hope you will, I hope you will

Do do you even know I'm alive?

Do do you even know I, I

Do do you even know I'm alive?

Do do you even know I, I

Do do you even know I'm alive?

Do do you even know I, I

Do do you even know I'm alive?

Do do you even know I, I

Do do you even know I'm alive?

Do do you even know I, I

Do do you even know I'm alive?

Do do you even know I, I

Do do you even know I'm alive?

Do do you even know I, I

Do you know I'm alive?

Do you even know?
