Pirates Of Dance

Dj Bobo

Chorus:
WeÂ’re the pirates of dance
The pirates of dance
WeÂ’re the pirates of dance
The pirates of dance
We stand together as one
Side by side on the run
Everybody snap at the chance
WeÂ’re the pirates of dance
The pirates of dance
WeÂ’re the pirates of dance
The pirates of dance
So come on join the ship
And come to our land
Everybody snap at the chance
We're the pirates of dance

Verse 1:
WeÂ’re gonna take you to another place
Where pirates dance and come from out of space
No time to sleep you canÂ’t be lazy
Get the party started, letÂ’s go crazy
TonightÂ’s the night weÂ’re gonna set you free
Come everybody join the deep sea
Now stand together pirates weÂ’re a team
Raise a storm and raise your voice give us a wild scream

Verse 2:
We are like shadows we are fast and sly
The legend lives and it will never die
Please join the gang and let me take a bow
ThereÂ’s no escape weÂ’re coming right here - right now
This is our life we sail from coast to coast
DonÂ’t try to hunt us Â‘cause we are like ghosts
Now stand together pirates weÂ’re a team
Raise a storm and raise your voice give us a wild scream
