

Packing Blankets

Eels

Today is a lovely day to run
Start up the car with the sunPackin' blankets and dirty sheets
A roomful of dust and a broom to sweep up
All the troubles you and I have seenCross when the drawbridge light is green
Don't look back to that messed-up scenePackin' blankets and dirty sheets
A roomful of dust and a broom to sweep up
All the troubles you and I have seenAnd all our troubles will be gone
Blowin' out over that bridge
Floatin' up into the sky
Makin' the storm clouds cryPut out that smoke and breath some air
Get a new name and cut your hairPackin' blankets and dirty sheets
A roomful of dust and a broom to sweep up
All the troubles you and I have seen
