

# Amazing

## Monica

Oh na na na

Oh na na na

Oh na na na

Everything I am, everything I was  
Has been elevated through the power of your love  
Everything I've lost, everything I've gained  
No longer makes a difference since you changed my name  
Got my heart beat faster, I can barely catch my breath!  
Boy your love, took the pain from my chest!  
Now I look at us, parallel to the stars  
Boy, you claim my heart, youre so amazing!  
Amazing, when I thought that I have seen it all  
Came and showed me I aint seen nothing  
you are amazing  
when my back was up against the wall  
It was you that hit the restart  
Took me to a better place, show me some better ways  
Now I should be living my life each and every day  
Been through so much, never thought that you would exist  
But ain't nobody ever made me feel like this!  
You are amazing!

Everywhere Ive been, everything Ive done  
All the money falls in comparison to the compassion you show me

Every time that you hold me  
And when Im in your arms, I can do anything for you  
Got my heart beat faster, I can barely catch my breath!  
Boy, you took the pain from my chest!  
Now I look at us, parallel to the stars  
Boy, you claim my heart, youre so amazing!  
Amazing, when I thought that I have seen it all

Oh na na na

Oh na na na

Oh na na na

..you never left my sight  
I was lost, but you found me and saved my life  
I could have died, no love inside  
Before you I was stone inside  
But you made me feel again  
Boy, I swear you are amazing!

Oh na na na  
Oh na na na  
Oh na na na  
You are amazing  
When I thought that I have seen it all  
Came and shown me I aint seen nothing  
you are amazing  
when my back was up against the wall  
It was you that hit the restart  
Took me to a better place, show me some better way  
Now I should be living my life each and every day  
Been through so much, never thought that you would exist  
And nobody made me feel like this!  
You are amazing!  
Gave me a new life when you made me your wife  
yes you did!  
And I love, love, love you  
Is nothing I would not do for you
