

Tool Sheds And Hot Tubes

Straylight Run

Replacing old dreams with flattery from new loves,
A hurricane self help into this evacuation from this.

You never meant to,
You never meant to...

Call me...

Call me...

I'll answer...Do you think that this could work out?

Do you think you could come around?

Do you think that this could work out again?

I don't...

I don't wanna be forgotten,
While you're putting all your time in,
Into the things that don't mean anything to me, It's too bad,

It's even sadder,

I'm losing everything that I thought,

This was a lost cause,

It was! And I never knew it.

I never knew it. Try 'em on and let 'em go,

It might be best to just forget me,

You walk away,

You know you're better off to,

Your better off to...

Call me...

Call me...

I'll answer...Do you think that this could work out?

Do you think you could come around?

Do you think that this could work out again?

I don't...

I don't wanna be forgotten,
While you're putting all your time in,
Into the things that don't mean anything to me, Wasting faster than the hourglass,

It's slow but I'm not ready,

Not okay,

Don't make this harder than it already had to be,

Call me...

Call me up...

I'll answer...Do you think that this could work out?

Do you think you could come around?

Do you think that this could work out again?

I don't...
I don't wanna be forgotten,
While you're putting all your time in,
Into the things that don't mean anything to me, Do you think that this could work out?
Do you think you could come around?
Do you think that this could work out again?
I don't...
