Everything Goes Black

Skillet

Chasing these shadows around this darken room
I've laid here so long I don't even want to move
I need a minute now to heal
I need a minute now to remember how to feelWhenever you're gone away
The darkness hides the day
Whenever you're gone the bleeding won't stop
It hurts until you come back
Everything goes black
Everything goes blackI reached out for when I needed you to be here
All alone chasing these shadows
I don't want to pain but I'd rather hurt than not care
It's so long, you've been away from here
I need a reason now to hear
I need something to believe in
I need a reason now to remember to feelWhenever you're gone away
The darkness hides the day
Whenever you're gone the bleeding won't stop
It hurts 'til you come back
Everything goes black
Everything goes blackGive something to believe in
I still believe in you
But if you're never here and I'm left all alone
Tell me what am I supposed to doWhenever you're gone away
The darkness hides the day
Whenever you're gone the bleeding won't stop
It hurts 'til you come back
Everything goes blackEverything goes black
Everything goes black
Everything goes black
