No Allegiance

Earth Crisis

There will be no allegiance with those who turn to sin.
I have nothing but contempt for the turncoats who
Give in. To regress from purity to weakness I can't allow.
The blatant desecration of a sacred vow. Fuck the two-faced
Losers. Fuck all who go untried. Fuck the evil bastards
Who still stand by their side. Fuck all who cheapened what I truly am
In others eyes. Fuck all those who bent the straight edge
With their fucking lies. Integrity, sincerity, I choose to live
Against the grain. Purged of the impurities that fester in their veins.
No tolerance for weakness is what's allowed I say.
My decree is my law and it's here to stay. Fuck the two-faced losers.
Fuck all who go untried. Fuck the evil bastards who still
Stand by their side. Fuck all who cheapened what I truly am in others eyes.
Fuck all those who bent the straight edge with
Their fucking lies.
