I Think It's Gonna Rain Today

Neil Diamond

I thought I saw you passing me by,
But you didn't see me.
Every time I see someone who looks like you,
You know I can't be free.
I see you though a thousand faces you stand out in the crowd.
I find you in some distant place call your name out loud.
Now the sun never shines coz I know your not mine,
And the moons in a haze and I'm lost
And nothings been going my way,
I think its gonna rain today.
I think its gonna rain today.
(Do de do do do do do do de do de)
(Do de do do do do do do de do de)
I think its gonna rain today.
(Do de do do do do do do de do de)
(Do de do do do do do do de do de)
I still feel you close at night
And when I go to touch your hand
Your gone, theres no one there
I'll never understand
I see you though a thousand faces you stand out in the crowd.
I find you in some distant place call your name out loud.

Now the sun never shines coz I know your not mine,
And the moons in a haze and I'm lost
And nothings been going my way,
I think its gonna rain today.
I think its gonna rain today.
(Do de do do do do do do de do de)
(Do de do do do do do do de do de)
I think its gonna rain today.
(Do de do do do do do do de do de)
(Do de do do do do do do de do de) I see you though a thousand faces you stand out in the crowd.
I find you in some distant place call your name out loud.
Now the sun never shines coz I know your not mine,
And the moons in a haze and I'm lost
And nothings been going my way,
I think its gonna rain today.
Now the sun never shines coz I know your not mine,

And the moons in a haze and I'm lost
And nothings been going my way,
I think its gonna rain today.
I think its gonna rain today.
(Do de do do do do do de do de)
I think its gonna rain today.
(Do de do do do do do de do de)
