

# I Think It's Gonna Rain Today

Neil Diamond

I thought I saw you passing me by,  
But you didn't see me.  
Every time I see someone who looks like you,  
You know I can't be free.  
I see you though a thousand faces you stand out in the crowd.  
I find you in some distant place call your name out loud.  
Now the sun never shines coz I know your not mine,  
And the moons in a haze and I'm lost  
And nothings been going my way,  
I think its gonna rain today.  
I think its gonna rain today.  
(Do de do do do do do do de do de)  
(Do de do do do do do do de do de)  
I think its gonna rain today.  
(Do de do do do do do do de do de)  
(Do de do do do do do do de do de)  
I still feel you close at night  
And when I go to touch your hand  
Your gone, theres no one there  
I'll never understand  
I see you though a thousand faces you stand out in the crowd.  
I find you in some distant place call your name out loud.  
  
Now the sun never shines coz I know your not mine,  
And the moons in a haze and I'm lost  
And nothings been going my way,  
I think its gonna rain today.  
I think its gonna rain today.  
(Do de do do do do do do de do de)  
(Do de do do do do do do de do de)  
I think its gonna rain today.  
(Do de do do do do do do de do de)  
(Do de do do do do do do de do de) I see you though a thousand faces you stand out in the crowd.  
I find you in some distant place call your name out loud.  
Now the sun never shines coz I know your not mine,  
And the moons in a haze and I'm lost  
And nothings been going my way,  
I think its gonna rain today.  
Now the sun never shines coz I know your not mine,

And the moons in a haze and I'm lost  
And nothings been going my way,  
I think its gonna rain today.  
I think its gonna rain today.  
(Do de do do do do do de do de)  
I think its gonna rain today.  
(Do de do do do do do de do de)
