

# No Sense

## Candlebox

Feelin' fine, the fire won't burn out  
Taste the sign, the trees won't come out  
    Seein' traffic drivin' by  
    Maybe you, you won't see me again  
'Cause I'm needed, needed more and more every day  
    Someone take my mind away  
    Tell me that it's time to go  
You wanna help me as I'm fallin' down I don't need you  
    Lies they won't surface  
Your mind it wanders on over again Someone take on my mind  
    I'm losin' you in time  
    Maybe that man, he's standin' by me  
    My head won't take it all alone  
    Someone they wanna tell you  
    Maybe you would suffer  
    Tell me once again, I'm under cover  
Someone wanna feel like, someone want to feel like I don't need you  
    Lies they won't surface  
    Your mind it wanders, ohh  
O,h yeah Maybe, yeah I don't need you  
    Lies they won't surface  
    My mind it wanders oh over again  
Someone to tell you Should I close my eyes again once again  
    Maybe someone will come and rescue me  
    Should I beg your forgiveness  
    I've fallen on my own  
    Someone take a picture  
    Put your camera away  
Someone take today, traffic passes by, never see  
    You never see it all I don't need you  
    Your lies they won't surface  
Your mind it wanders oh over, again Yeah, I don't need you  
    Your lies they won't surface  
    My mind it wanders oh over again
