

# Night Drive

[Kylesa](#)

I don't want to be on this night drive  
I would rather be anywhere else  
I don't want to be on this night drive  
I would rather be anywhere else  
Lights racing by nothing but time to think  
Turn up the music subdue the noise  
I don't want to be on this night drive  
I would rather be anywhere else  
I don't want to be on this night drive  
I would rather be anywhere else  
I heard there was a nice place down the street  
Because anywhere has this place beat  
Driving at night a false sense of peace  
Lights racing by nothing but time to think  
Ride it out
