Please Forgive Me

Sarah Kelly

How I long to be like a child again
Nothing to win
Enjoying You enjoying me
Yesterday is gone
Life won't stay the same
How I have changed
But You are and always will beHow I long to be like a child again
Nothing to win
Loving You just loving me
Memories aren't enough
Oh how I long for You
And You long too
Right here, right now I believe
Hear me cry(Chorus:)
Please forgive me
Soften my heart I pray
Let me love You tomorrow
Even more than I do todayIf You willed You would
My aspirings get the best of me
I'm sorry I push You so hard
It's not by might nor power
Holy Spirit consume me
My food is to do Your will
So hear me cry
