

# Marianne (Producer's Commentary)

[Matt Wertz](#)

California's come and gone  
Now I got my mind back on  
The open air and you on highway one  
Baby, ever since that day  
I've tried to get back to the place  
Where everything was right under the sun  
Marianne, Marianne, Marianne, I'm waiting  
Saturday took you away  
Sunday morning brought the rain  
The cloudy skies are covering the blue  
Why'd you have to disappear?  
It's not the same without you here  
When everything's reminding me of you  
Marianne, Marianne, Marianne, I'm waiting to see you again  
Marianne, Marianne, Marianne, I'm waiting to see you again  
Would you come back? Won't you come back?  
Cause I'm waiting, I'm waiting  
Would you come back? Won't you come back?  
Cause I'm waiting, I'm waiting to see you again  
Marianne, Marianne, Marianne, I'm waiting  
Marianne, Marianne, Marianne, I'm waiting  
Marianne, Marianne, Marianne, I'm waiting  
Marianne, Marianne, Marianne
