

# Which to Bury, Us or the Hatchet?

## Relient K

I think you know what I'm getting at  
I find it so upsetting that  
The memories that you select  
You keep the bad but the good you just forget  
And even though I'm angry I can still say  
I know my heart will break the day  
When you peel out and drive away  
I can't believe this happened  
And all this time I never thought  
That all we had would be all for none  
No, I don't hate you  
Don't want to fight you  
Know I'll always love you  
But right now I just don't like you  
Know I don't hate you  
Don't want to fight you  
Know I'll always love you  
But right now I just don't like you  
'Cause you took this too far, too far  
Make your decision and don't you dare think twice  
Go with your instincts along with some bad advice  
This didn't turn out the way I thought it would at all  
You blame me but some of this is still your fault  
I tried to move you, but you just wouldn't budge  
I tried to hold your hand but you'd rather hold your grudge  
I think you know what I'm getting at  
You said goodbye and I just don't want you regretting that  
No, I don't hate you  
Don't want to fight you  
Know I'll always love you  
But right now I just don't like you  
Know I don't hate you  
Don't want to fight you  
Know I'll always love you  
But right now I just don't like you  
And wisdom always chooses  
These black eyes and these bruises  
Over the heartache that they say  
Never completely goes away  
(I just can't believe this happened)  
And wisdom always choose  
(And one day we'll see this come around)  
These black eyes and these bruises  
(And one day we'll see this come around)  
Over the heartache that they say  
Never completely goes away  
No, I don't hate you  
Don't want to fight you

Know I'll always love you  
But right now I just don't like you  
Know I don't hate you  
Don't want to fight you  
Know I'll always love you  
But right now I just don't like you  
'Cause you took this too far What happened to us  
I heard that it's me we should blame  
What happened to us  
Why didn't you stop me from turnin' out this way  
And know that I don't hate you  
And know that I don't want to fight you  
And know I'll always love you  
But right now I just don't
