ROCK SHOW

Swinging Popsicle

Yo, DJ Run
DMC
Yeah, what, who
King of rock
Yeah, yeah, yeah, yeah
Echo tech B-boy down
I want to rock right now
DJ Run and I'm claiming my crown
I be internationally known
Even got chrome on my microphone
I ain't stupid y'all, outrageous
Actin' like Run can't rock all ages
So don't act like y'all don't know
Run be rockin' since Kurtis Blow
Me and my brother be gettin' this dough
Came in the door, said it befoe'
These are the kings from around the way
Run DMC and Jam Master Jay
I'm the king
What's up?
Of rock
Who am I?
I'm the king
Of what?
Of rock
Who are we?
I'm the king
Alright, never let ya down
Of rock
In the end it's just a rock song
I'm the king
Alright, alright, alright
Of rock
In the end it's just a rock song
Y'all wanna know what it takes to be
An MC like D in the place to be
Gotta a house on the hill full of family
With the grass more green than a gram of weed
Stars in the cars on the way to my show

Gettin' raw at the pub when they're drinking the mo

With a cigar and the pumps he be getting the dough
And unchanged with the lane and the range of the roll
Just 'cause y'all know my name
Heard my fame and seen my game
Don't mean I'm all about the glitter and glam
The king of rock is who I am
Raw we are by law
First one rockin' in Adidas y'all saw
Jumped on Tour way back in '84
Jay, Run, D, Macs rock knockin' at your door
I'm the king
Alright, never let ya down
Of rock
In the end it's just a rock song
I'm the king
Alright, never let ya down
Of rock
'Cause in the end it's just a rock song
I'm the king
Alright, never let ya go
Of rock
'Cause in the end it's just a rock song
I'm the king
Alright, alright, alright
Of rock
In the end it's just a rock song
Who am I?
I'm the king
Alright, alright, alright
Of what?
Of rock
In the end it's just a rock song
Hey y'all it's me from the Three Beezies
N.Y.C. is sucker free just to show y'all it could be done
Step up and funk everyone
And we're out
You can't touch this
You can't touch this, can't touch this
You can't touch this, you can't touch this
