

Floating (Time Isn't Working My Side)

Portugal. The Man

We may not be hopeless
But we're still helpless in the end
Just remember your floating
Remember the love that we were in So inconstantly we swim
A time with family and our friends
I know I'm not hopeless
I'm only helpless in the end I know you love questions
But they go unanswered in the end
Did you forget you're floating
Did you forget we were only men We're getting all our time
Time isn't working my side We're getting all our time
Time isn't working my side Time isn't working my side [Repeat]
