Communion

Ikon

I lay to rest oh though it seems
Can I explain uncertain dreams
Disillusioned of my certainty
What appears and takes over meI pray that I'm alive
They hold me deep inside
The satan of my sleep
Oh why my soul he keepsI try to break them free
They never answer me
Oh how can this be
Banished humanityWho will believe
These visions that keep haunting me
Will you concieve
My hatred and miseryYou can't deny
This rainbow conspiracy
A matter of time
The curtain falls for all to seeI pray that I'm alive
They hold me deep inside
The satan of my sleep
Oh why my soul he keepsI try to break them free
They never answer me
Oh how can this be
Banished humanityAnd now it seems to be so clear
The fallen angels have reappeared
They've changed the way I see
They have betrayed my destinyI pray that I'm alive
They hold me deep inside
The satan of my sleep
Oh why my soul he keepsI try to break them free
They never answer me
Oh how can this be
