

Love don't love nobody

Roy Brown

We'll talk about love, it's a talk about shame
Talk about love I hate that name
Love don't love poor me at all
Love is the cause of my downfall
Love Don't Love Nobody
Love Don't Love Nobody
Love Don't Love Nobody
Love is the devil but it won't get me
Love is fine it's on your side
Love bit me wrong and how i cried
Love made baby put me down and now the news
It's all over town
Love Don't Love Nobody
Love Don't Love Nobody
Love Don't Love Nobody
Doggone you Love I'm through with you
Well! I had a lot of money, living like a King!
Never had to worry about a doggone thing
Love came along, ain't got a dime
Baby left me standing in the backdoor crying!
Love Don't Love Nobody
Love Don't Love Nobody
Love Don't Love Nobody
Love is the devil but it won't get me
Well! I'm gonna find me a woman
Uglier than me, she can't be older or fatter than free
All I wanna do is rock at home
Love's the proposition from now on!
Love Don't Love Nobody
Love Don't Love Nobody
Love Don't Love Nobody
Doggone you Love I'm through with you
Love Don't Love Nobody
Love Don't Love Nobody
Love Don't Love Nobody
Doggone you Love I'm through with you
