When Love First Cried

Sonicflood

There were no sounds of Christmas Carols
on that most Holy night
Just the cry of a baby boy
that would one day bring us life
The beauty of this one birth
of a child so small and frail
with arms reaching out
To a world he'd one day heal

Chorus:
On that most unexpected night
A Holy and precious sight
when mercy and Hope poured out
and Heaven's grace came down
And one life was born to give
That beautiful and perfect gift
That all men may truely live
on the night when Love first cried

It was a night like any other
Turned prophetic and profound
as shepherds fell to their knees
The angels gathered round
A miracle in front of them
the promise is fulfilled
Let the Earth receive her King today
The Savior is revealed

Bridge:
Love cried out, to the lost and lowly
To this World, that all would beleive
Let every tongue, confess that you are Holy
because your love still cries out
