Between Us

The Rutles

I'm looking at you. You're looking at me.
Between us, it's all so easy to see.
We were made for each other, girl. We were made for each other.
Between us - love that we've got.
Between us - two hearts are one.
Between us - nothing can come between us.
Whatever we do, whenever we kiss.
Between you and me, it's not near a miss.
We were made for each other, girl. We were made for each other.
I'm looking at you. You're looking at me.
Between us - love that we've got.
Between us - two hearts are one.
Between us - nothing can come between us.
Between us - nothing can come between us.
Between us - nothing can come, nothing can come between us.
