True Love

Kem

They go round and round in circles
Out to find your weakness and to see
If you thinking, you going to make it
Then they try to change your mind
They think you work for money
But you got a thirst for something more
Than just another piece of the pie
You want to change your life
You will reap what you sow
So be true wherever you go
You will have what you say
That's the way that true love is made
That's the way true love is made
They misuse you, cause confusion
Just enough to make you act a fool
If you let that you regret it
So don't ever lose you cool, no
You've got to think of others
You love 'em like your sister and your brother
And you only do, yeah
What you want done unto you
You will reap what you sow
So be true wherever you go
You will have what you say
That's the way that true love is made
Yeah, that's the way true love is made, y'all come on
That's the way true love is made y'all
You will have what you say, oh yeah
You will reap what you sow
So be true wherever you go
You will have what you say
That's the way that true love is made
Yeah, that's the way true love is made, oh yeah
Come on, you gotta reap what you sow
You will have what you say, oh yeah
That's the way true love is made
