

Tommy's Down Home

Tesla

I don't smoke marihuana, I don't take LSD

'Cos I'm a country boy from Nashville, with my boots up to my knees

I like to sit around and be lazy, I like to drink a lot of beer

'Cos I'm a country boy from Nashville, with my hair cut to my ears

I'd like to cut the balls of a long-haired hippy, and tie them up to a tree

'Cos I'm a country boy from Nashville, that's Nashville, Tennessee

Well I'm a country boy from Nashville, Tennessee, so don't, fuck, with me That's right, they made me do it Well
a hail from Oklahoma, and I don't care who you be... You see, we didn't write that song, in case you didn't know
