

# Fear Not (feat. Lisbeth Scott)

**Paul Schwartz**

Fear not, my child  
The time has come  
To travel with  
The setting sun

Fear not, my love  
For heaven sings  
A sweeter song  
Than any earthly light could bring

And in her hands  
You are the dawn  
And in her heart  
And in her soul  
We all belong

Upon her grace  
Time shall dissolve  
The darkest night  
Shall safely fall

Fear not my child  
The greatest love  
Shall hold you soft  
As day's first light melts from above

Fear not, my child  
Forever stays  
Beside you now  
And you shall always be with me
