

# River (feat. Ed Sheeran)

## Eminem

I've been a liar, been a thief  
Been a lover, been a cheat  
All my sins need holy water, feel it washing over me  
A little one, I don't want to admit to something  
If all it's gonna cause is pain  
The truth in my lies right now are falling like the rain  
So let the river runHe's coming home with his next grasp to catch flack  
Sweat jackets and dress less, mismatch  
On his breast jackets is sex addict  
And cheaters want to egg sack it for being checked, get back  
It's a chest match, she's on his back like a jetpack  
She's kept track of all his internet chats  
And guess who just so happens to be moving on to the next  
Actually, just shit on my last chick and she has what my ex lacks  
'Cause she loves danger, psychopath  
And you don't fuck with no man's girl, even I know that  
But she deviced some plan to stab him in the back  
Knifing hands, says the relationship hanging by a strip  
So she's been on the web lately  
Says maybe she'll be my Gwen Stacy, despite her man  
And I know she's using me to try to play him, I don't care  
Hi Suzanne, but I shoulda' said "ByeSuzanne" after the first night, but tonight I amI've been a liar, been a thief  
Been a lover, been a cheat  
All my sins need holy water, feel it washing over meA little one, I don't want to admit to something  
If all it's gonna cause is painThe truth in my lies right now are falling like the rain  
So let the river runOne night stand turned into night stayin'  
It was cold, some lights gram  
Y'all be hung tight and  
He found out, now she feels deserted and used  
'Cause he left, so what? He did inverse to her too  
Now how am I supposed to tell this girl that we're through?  
It's hard to find the words, I'm aloof, nervous and suited  
When it's too hurt but what you deserve is the truth  
Don't take it personal, I just can't say this in cursin' to you  
So I revert to the studio like Hole In The Wall diners  
Don't have to be reserved in a booth  
I just feel like the person who I'm turnin' into is  
Irreversible, I prayed on you like a church at the pew  
And now that I got you I don't want you

Took advantage of my thirst to pursue  
Why do I do this to her that I do?  
Get off my soul box and breach, mass earnin' in speech  
Detergent and bleach is burned in the womb  
'Cause now with her in the wombWe can't bring her in this bullshit in new  
To use protection 'fore I pity to your forbidden crew  
Fuck!I've been a liar, been a thief  
Been a lover, been a cheat  
All my sins need holy water, feel it washing over meA little one, I don't want to admit to something  
If all it's gonna cause is painThe truth in my lies now are falling like the rain  
So let the river runMy name's (ooh)  
My name's (ooh)  
Denver (ooh)I should never run  
Just call me (ooh)  
Call me (ooh)  
River (ooh)  
We'll let the river runAlways the bride's maid, never "The bride, hey!"Fuck can I say? If life was a highway  
The sequels are non-clay  
But be swerving in five lanes  
Speeds that are high, rave like I'm sliding on ice maybe  
That's why I'm made, that came at you sidewaysI can't keep my life straight, what I made you terminate my  
baby  
This love triangle left us in a rectangled  
What else can I say? It was fun for a while  
That I really woulda' loved your smile  
Then you really wanna abort  
But fuck it, what's one more lie to tell an unborn child?I've been a liar, been a thief  
Been a lover, been a cheat  
All my sins need holy water, feel it washing over me  
A little one (I'm sorry, I fucked up)  
I don't want to admit to something  
If all it's gonna cause is pain  
The truth in my lies now are falling like the rain  
So let the river run
