Ted, Just Admit It

JaneÂ’s Addiction

Camera got them images
Camera got them all
Nothing's shocking
Showed me everybody
Naked and disfigured
Nothing's shocking
And then he came
Now sister's
Not a virgin anymore
Her sex is violentThe T.V.'s got them images
T.V.'s got them all
It's not shocking
Every half an hour
Someone's captured and
The cop moves them along
It's just like the show before
The news is
Just another show
With sex and violenceSex is violent
Sex is violent
Sex is violent
Sex is violent
Sex is violent
Sex is violent
Sex is violentI am the killer of people
You look like a meatball
I'll throw away your toothpick
And ask for your givenessBecause of this thing
Because of this thing
Because of this thingThat's in me
Is it not in you?
Is it not your problem?
A baby to a motherYou talk too much
To your scapegoat
That's what I say
He tells you everyone is stupid
That's what he thinksSnapshots
Make a girl look cheap
Like a tongue extended

A baby's to a motherSex is violent
Sex is violent
Sex is violent
Sex is violent
