

Sooner or Later (feat. Kaelyn Behr)

[Adrian Lux](#)

Pray for the lonely view
And we pray for solitude
Take cover in my arms
Away from everyone You'll be safe from dangers tonight
Wait for an oasis to arrive Hold on, don't stray
Sooner or later, all those scars will fade
Sooner or later, Ooh--Hold on--
Sooner or later, hold on--Stay warm in the coldest June
We face the darkest truth
Take comfort in this calm
A long way from where we've come We'll be safe from dangers tonight
Pray for the oasis to arrive Hold on, don't stray
Sooner or later, all those scars will fade
Sooner or later, Ooh--Hold on--
Sooner or later, hold on--Sooner or later, ooh--
Sooner or later
