Just Save Me

Like a Storm

Can you hear my voice
Where you are?
When I'm without you
Every moment falls apart
I'm a burned out light in the dark
In my empty shell I am calling outI've lost my faith,
Lost my way
It's all so far awayWhat have I become?
Can't face the morning sun
Just save me
You're the only one
Who can pull me out
Save me from myself
Just save me
Just save mePull me closer to you
I can't escape this
Emptiness I fell into
Caught in a shadow
I can't see through
I'm nothing without youWhat have I become?
Can't face the morning sun
Just save me
You're the only one
Who can pull me out
Save me from myself
Just save me
Just save meLost my faith
Lost my way
I need to feel you here again
Just save meFrom what I've become
Look what I've becomeI bleed for you
I bleed for you
I bleed for youWhat have I become?
Just save me
Can't face the morning sun
Just save me
Now I'm screaming out
Save me from myselfWhat have I become?
You're the only one

Who can pull me out
Save me from myself
Just save me
Just save me
