

Think of You

Ledisi

As the world turns and the moon fades
And the sun begins to shine
Like the flowers and the trees grow
You're always on my mind I can't help but feel you all around me
Even in my darkest hour, yeah
You bring peace of mind
You bring joy to my soul, yeah Everywhere that I go, every day, every night
I think of you, yeah, I think of you
You're the air that I breathe, you're the love of my life
I think of you, ay, I think of you Every second, every hour
'Til time runs outta time, oh
Like a river to a waterfall
I need you in my life, yeah I can't help but feel you all around me
Feel you everywhere, yeah
You bring me peace of mind, ooh
You bring joy to my soul, yeah Everywhere that I go, every day, every night
I think of you, I think of you, I think of you, yeah
You're the air that I breathe, you're the love of my life
I think of you, I think of you, I think of you I think of you
Thinking about you You mean the world to me
You're my everything
(Been thinking of you)
I've been thinking of you
Oh, oh oh yes!
I've been thinking of you Everywhere that I go, every day, every night
I think of you, I think of you, that's all I do
You're the air that I breathe, you're the love of my life
I think of you, I think of you, I think of you Everywhere that I go, every day, every night
I think of you, oh, I think of you, I think of you
You're the air that I breathe, you're the love of my life
I think of you, you, yeah, yeah yeah I can't do without you
Can't live without you
Can't love without you
Can't love! Can't be there without you
You are my everything, my everything, my everything, oh yeah Everywhere that I go, every day, every night
I think of you, thinking about you
You're the air that I breathe, you're the love of my life
I think of you, I think of you, think of you, think of you
